WELCOME NOTE

Three years ago the seeds were planted
Now the plants have matured and started to flower
In fact our Botanical Garden has become quite enchanted

The majestic OHS library has broadened our minds
While the Sports Hall atop helps us all unwind

And in the science lab for an hour, we can be
The new Einstein, Edison or simply, just me!

We're ready to go, to take the next step
To start on our biggest journey yet
To reach for the stars
To follow our hearts

So, we can become true socio-preneurs!

Selama 13 tahun di olifant saya sangat senang karena semua gurunya ramah-ramah dan sangat baik sama Divi plus makanannya juga enak.

The Comments:

Divi is a very energetic and outgoing person. Even though she might come off as threatening, she really is just a fun person to be around when you get to know her.

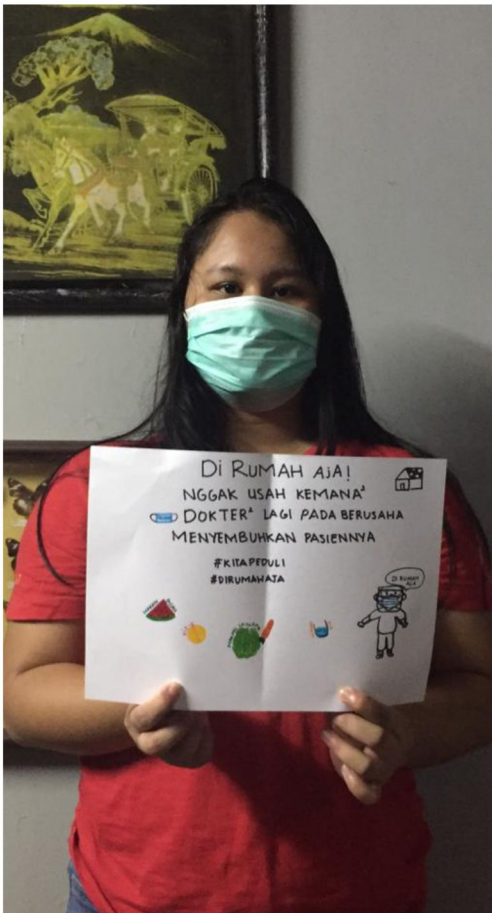

Even though we rarely hangout, you're a pretty cool person. You're funny and witty and I'm glad that we can be friends. I hope you will have lots of fun in High School.

Divi adalah sahabat yang pintar, seru dan pandai bermain alat musik, semoga SMA lebih rajin.

Divi adalah temanku yang selalu gembira, ketawa-ketawa ga jelas tapi yang pasti adalah dia adalah pribadi yang ceria.

Since the beginning of the seventh grade, to the end of the ninth, everything I've experienced has its ups and downs. Olifant has been my choice because it has its own way, different from other schools. I've made many endearing friendships with fellow students and even teachers. Hopefully, this experience will be a better one in the next significant stage of my life.

The Comments:

KelsOo my dUuudE, you're a very fun person to hang out with and you're hella funny. Keep on chasing your dreams, stay creative. I had a great time in middle school because of you, thank you sooo much for everything. I hope you can make more friends in high school and I hope you will enjoy your high school years.

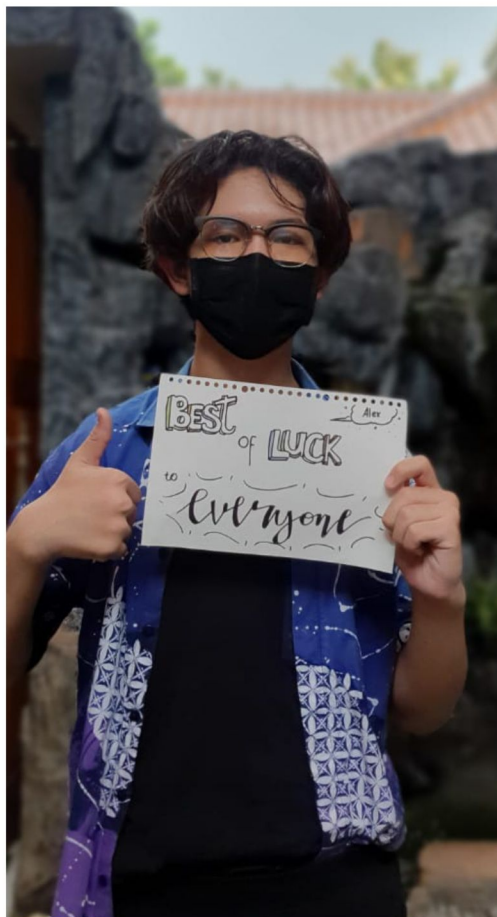

This guy man, he is a handful. At times I dread talking to this man, that being said he is one of the best friends i have in school. He is someone you can talk to despite his smartass attitude. Despite all that he is a close friend of mine and I wouldn't trade him for the world. 10/10.

Alex memiliki pribadi yang gembira namun ia memiliki sisi serius juga. Aku senang memiliki teman seperti Alex karena dia adalah seseorang yang setia dan lucu.

Alex orangnya rekeh sangat. Juga tinggi sangat. Pintar juga kadang sangat. But even through all those highs he's sometimes got a low sense of humor, not that that's a bad thing. Most of the times you could hear his laugh echo in the hallways. He's a very kind and humble person once you get to know him and he's willing to help you with all he can. Be careful though cause he could be very salty at times >:(don't worry he doesn't mean any of it, he's still a good kiddo.

The school has been exceptionally tollerant to my shenanigans, the teachers and the students. I'm amazed anyone even puts up with me here. The education here is pretty good, but the strength is certainly the very supportive learning environment. If the high school stereotype of everyone being out to get you and driving people to near scuicide is even remotely true, than i'm incredibly lucky to have been schooled here. All the best wishes to this school.

The Comments:

Another one of the mountains in our class, he sits in the very front and sometimes all I can see is his head, Athar is a very humble and very very creative and passionate on art. If he's into something, he's dedicated all he can do. He's also polite and respectful to most people and won't really overstep the line. Overall though, he's a nice kiddo!

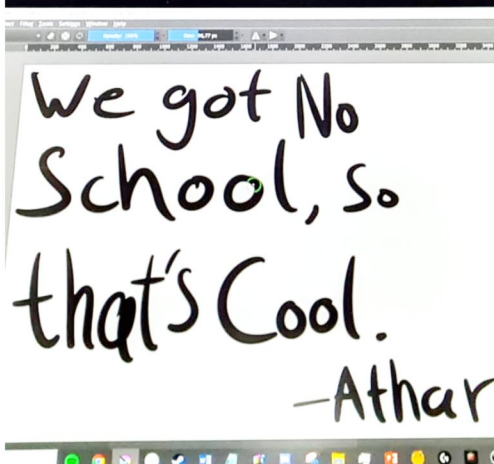

Athar is one of the best to be friends with. He's very detailed and creative. Although he isn't very attentive when it comes to listening or paying attention, he barely tells lies and always speaks the truth. He's the epitome of exhausting all his effort into anything he does. I'm happy to call him my friend.

This dude is often misunderstood, I understand his nature can seem apathetic but i assure you he is like a giddy little 9 year old inside despite his cold attitude. He is unique yet we share lots of interests, so talking to this guy isnt hard. Trust me.. there is alot of talking between us. Good lad 10/10.

Athar adalah orang yang sangat suka bermain game dan dia pintar di science.

The guy who always be the butt of the joke. As a person though, he's really dilligent and reasonable. A lot more so than most others. He has an ungodly amount of patience.

Cahyo itu orangnya sabar sama cuek, dia kalo digodain pasti sabar banget paling cuma ketawa terus dicuekin. Dia juga rajin sama serius, kalo ada kerja kelompok pasti dia yang ngingetin kita untuk ngerjain bareng. Aku bersyukur punya temen kaya Cahyo.

Cahyo adalah sahabat yang baik kocak seru dan dia sahabat yang banyak membantu jika ada sahabat yang sedang kesulitan. Semoga Bisa Menjadi sahabat yang sejati hingga dewasa kelak.

Anak IPS, pinter banget disitu. Kadang banyak omong kadang bengong aja di kelas. Sukanya ketawa-ketawa ngga jelas kadang dan humornya kayak yang lain; receh. Tapi pada dasarnya orangnya baik.

One of the best people I've ever known. I'm very grateful to be able to call her a dear friend of mine. She's very funny, outgoing, smart, talented, and a great advisor. Her cackle is very contagious. She has her flaws such as laziness, she does put effort if she's pushed enough. She is an amazing person overall and a wonderful person to be best friends with, and I'm proud to call her one of mine.

I had an amazing time in middle school cause of you. You're such an amazing friend to me. You're very funny and I understand and adore your sense of humor. I'm so happy that we're friends. You make my days so much better. I wish you good luck for high school, I hope that we will keep in contact with each other. I hope you will have a wonderful time in high school.

Deas is a species known for their erratic and LOUD personality, if she isn't stopped she will go on and on even after the heat death of the universe. She can be frustrating to be with but she is there when you need it. Deas is hard working, fun and a great friend. 9/10.

My three years in here is gonna be finally over soon and I'm nervous for what coming next. Even then, I've tried my best to enjoy some of my moments here for what might be the last time. I really appreciate my friends and teachers who have worked so hard for all of us and has always made us laugh. It might sound cheesy but some of you have made these bad moments a little bearable to me and that's probably what have kept me going these past three years. Thank you for that and I hope we'll meet again some day but until then, I wish you all the very best.

The Comments:

You make my middle school years amazing. You're such a wholesome and genuine person. I always have an amazing time with you. You're a very caring person and you always have your friends back. I'm so glad that we can be close friends. I made a lot of good memories with you. I hope that you will have good memories in High school, I hope you'll have an amazing time there. Elaine, the short, little, angry stump. She's an amazing friend and a very creative person. She looks at a matter from different perspectives. She's smart and quick to catch up on things. The unfamiliar culture and environment were difficult and sometimes frustrating for me, but I feel glad that my first was Olifant. The friendly, good teachers and friends at Olifant helps me to adapt. Thanks Olifant!

The Comments:

Minhwa itu orangnya pendiem sama pemalu, biasanya cuma ngomong sama Hawon. Walaupun pendiem, kadang-kadang dia rusuh sama Hawon di kelas.

Being honest, I don't know much about her. She barely speaks any language save for Korean. I mean, she can, but becomes incredibly shy when doing so. When she's with Hawon she suddenly becomes a lot more active.

Minhwa adalah orang yang baik, rapi, dan pendiam.

Minhwa is sweet, caring, and also very smart. She's someone who was really quiet compared to when I first met her to now. Even though she was surrounded by people who didn't understand her, she struggled through without complaint and kept on trying.

Mike J itu orangnya pintar banget, di kelas biasanya suka buka laptop. Kalo sekalnya liat Athar main game pasti langsung minta buka laptop. Orangnya lucu banget suka bilang hal-hal yang random banget.

How do I begin? Mike is probably the most interesting classmate and friend I have. He is such a talented fellow and yet no one can see that, or people choose not to see that. Mike is brilliant and thats really all I can say about him. He is fun, he is nice what more could you want from a friend? If people gave him more chances maybe they can see what I do 9/10.

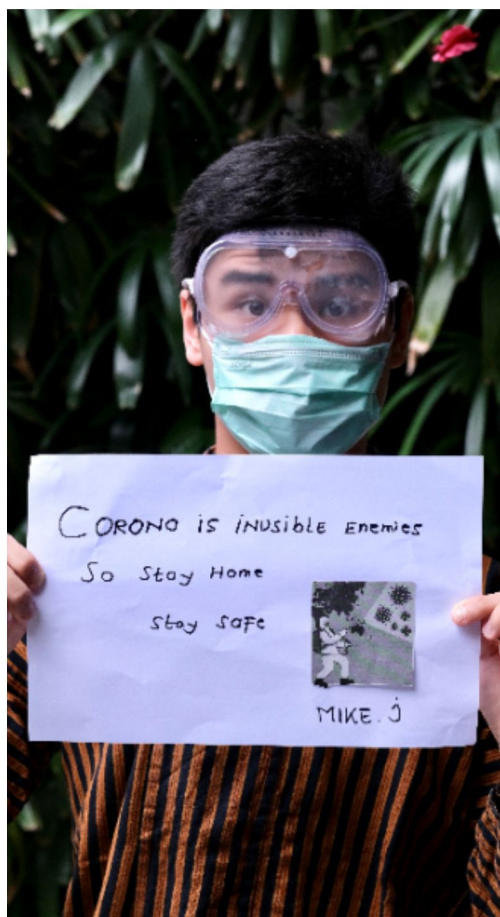

Mike J itu baik, seru, pintar, lucu, bisa bikin ketawa sekelas.

You know, Tasha just has that vibe! She is chill and anyone can see that. Tasha is someone you can talk to about internal struggles and though I have very little she helps. She is very selfless, she is there to back everyone up despite her own problems. Im grateful to meet her. Thank you clara. 10/10.

Tasha, my best friend that confuses me the most. Tasha here is one of those people who are very strong-opinionated and quick to defend what she holds close to heart. She's one of the most creative people I know and is very artistic. She can never be put down by anyone else. Even though she seems quiet, once she laughs. It fills up the room.

Tashahahahahaaa! Baik bangeet orangnya, generous banget. Diajak ngomong asik soalnya receh juga orangnya (maaf sekelas isinya receh). Gampang diajak ngomong soalnya kalo ngomong apa aja sama dia pasti nyambung dan dengerin. Very intelligent and has a good sense of humor. She's a really nice and sweet person and I can't thank her enough for that. Pengertian juga sebenarnya. Kalo ketawa kadang sampai kedengeran satu kelas. Nat is a fun person to be around. He's funny and witty. He can impose a threatening presence but at heart a very kind person. He's the type to have in discretion.

Nat adalah orang yang baik.

Nat is a wildcard, you don't really know what he is thinking about, people can find this strange but I feel it just a charm that he has. Nat is my first friend ever moving here and the time I saw his face down on the first day of school I could tell how great of a person he is. Saya akan kangen Indonesia, teman-teman, guru-guru dan juga sekolah Olifant.

I recently became close friends with Hawon, she is very opinionated and a stubborn person, she is strict but that is how she has potential. Her attitude lets her have the drive to keep going to even greater heights. She is a great person to talk to and someone you won't regret being friends with. 10/10.

Satanleyy, one of the most patient person I've ever known but when you see him mad it's sometimes scary and hilarious at the same time. He's actually very smart it's just he's very quiet about it. But again, he's human he could be stupid at times. He is very fun to talk to and you could go on and on talking about stuff to him non stop and you wouldn't get bored.
